

# Citizen's of Early, We are currently in a Water Watch.

## What does this mean?

A Water Watch is declared when a water shortage poses a potential threat to the ability of the water system to meet the needs of its customers currently or in the foreseeable future.

All customers are encouraged to limit all non essential uses of water in order to conserve resources. We encourage you to comply with the following standards;

- No watering of lawns, shrubs or gardens between the hours of 8:00AM and 8:00 PM
- No water should be used to fill private swimming pools, children wading pools, reflecting pools or any other outdoor pool or pond
- No water should be used to wash driveways, sidewalks or building exteriors
- No water should be used for nonessential cleaning of vehicles, machinery, or any other motorized vehicles

Thank you for your cooperation during this time,  
City of Early
