

Early City Council Hearing

October 9, 2020

Mayor Sharon Irwin called the hearing on the Drinking Water SRF application to order per notice published in The Chronicle on September 10, 2020. The hearing was called to order at 7:00 P.M.

The hearing was set for citizen input into the proposed new water treatment plant to be built in Early. It had been determined by the SRF Environmental Review Specialist that an Environmental Information Document (EID) is not going to be needed for this project. However, a Categorical Exclusion (CX) meets the necessary requirements.

There had been no written responses in regard to this proposed project either for or against. There were no citizens in attendance at this hearing either for or against said proposed project.

Mayor Irwin closed the hearing at 7:10 P.M.
